78-006	Latch bar solenoid for Electrical Selector, all metal frame, as original, (**This item is out of stock at this time**)	60.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
78-020	Free play adapter, plugs in to existing credit unit, has switch for free play or coin operation, eliminates latch bar solenoid burn-out, for Seeburg Models: A, B, BL, C, G, W, R, J and JL, (**This item is not discountable**)	78.50
77-050	Select glass, Seeburg G, W, R, J, JL, L100 and 101, **green**	6.50
77-051	Select glass, Seeburg G, W, R, J, JL, L100 and 101, **blue**	6.50
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
83-045	Spring, plunger return, for under coin-reject plunger-button, Seeburg part # 401223, for Models HF100G thru APFEAI only	4.00
Specify #	Title headings for Seeburg program holders, **Specify**: a color and the A-1 Part # from the list on page 18, (12 piece assortment)	12.00
68-075	Speed washers, round, hold title headings to program holders, 12 pc. set	1.55
83-004	Plastic Stripper plate (clear), complete with 2 stylus-cleaning brushes, brush holders, and 6 screws, (all stainless steel hardware)	60.00
83-001	Plastic Stripper plate (clear), (with 6 stainless steel screws only)	50.00
83-002	Brush holders, hold stylus-cleaning brushes, (stainless steel), per pair	12.00
83-003	Brushes, stylus-cleaning, for plastic stripper plate, per pair	12.00
83-035	Stylus brush, Seeburg #405219, used to manually clean the styli & the brushes on the stripper plate, (Pg. 1172 & #14, pg. 1181 in the manual)	3.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00
84-005	Rubber cushion strips, (records rest on these while in the magazine), front is square, Seeburg #245334, rear is round, #245468, per pair	2.00

Parts for Seeburg HF100G and W100 are continued on the next page

SEEBURG HF100G and W100 of 1953 – 1954 (**Continued**)

A-1 PART #		
84-020	Selector Coil & Armature Assembly, (a/k/a: Pin Bank), (Completely dissembled & rebuilt), **Specify**: M100B/BL, M100C, HF100G, W100, HF100R, 100J or 100JL, **see page 80 for more information**, each	$195.00
74-009	Styli for original Pickering/Seeburg **redhead** cartridge, (**.**7 mil diamond tip for all stereo & mono. records), (**Out of Stock at this time**), per pr.	65.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, made in the U.S.A., original Seeburg part # 245817, (for Models B through APFEAI)	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
83-012	Spring for snap switch for electrical selector, (Models G & W only), each	14.00
78-002	Trip coil for mechanism, Models B thru JL and V200 without 2050 tube for trip, (**This item is out of Stock at this time**), each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
78-001	Cancel coil for Selector pin bank, Seeburg M100B through 100JL, (sleeve included, plunger & spring not included), each, (**Out of Stock at this time**)	27.50
78-040	Cancel coil for Selector pin bank, Seeburg M100B through 100JL, (sleeve not included, use the old sleeve, plunger & spring not included), ea.	15.00
78-031	Plunger & spring for cancel coil, for Selector pin bank, (two piece set), each, (**This item is out of stock until further notice**)	18.00
88-008	Spray paint, Red, for Model G magazine and mechanism frame, also for Model W entire mech. except for mech. cover, acrylic enamel, 10.5 oz. can	25.00
88-009	Spray paint, Dark Blue, for HF100G & W100, metal grill on front, 12 oz. can	14.00
88-010	Spray paint, Light Blue, for HF100G, for mechanism cover, mech. end caps, etc., also for HF100R mech. cover, acrylic enamel, 10.5 oz. can	25.00
19-005	Decals, water transfer, Round 45 R.P.M. for Mech. ends, pair	10.00
73-035	Selection playing plastic, indicates letter and number of record playing, dark blue letters & numbers w/white background, Models G, W, & R, (A1 thru K0)	9.00
68-010	Rivets, chrome plated, for selection playing plastic, (for Models B, BL, C, G, W, R, J & VL200), 15 pcs.	4.00
73-036	Letter and number **strip for record magazine**, adhesive backed, (for Models B, BL, C, G, W, R, J & JL), **Specify**: dark blue, aqua or red	5.00
73-037	Letter and number **strips for popularity meter**, adhesive backed (for Models B, BL, C, G, W, R, J & JL), **Specify**: dark blue, aqua or red	5.00
73-038	Letter and number **strip for selector coil frame**, (pin cage), adhesive backed, (for Models B, BL, C, G, W, R, J & JL), dark blue, (original color)	5.00
73-040	Letter & number **strips for record magazine, popularity meter & pin cage**, (Models B, through JL), **Specify**: dark blue, aqua or red, **complete 3 pc**. set	15.00
19-006	Mirror kit, exact diagonal cut, for frames at each end of mechanism, this package has **four pre-cut panels** and a few extra mirrors = 1 complete set	85.00
19-015	Mirror kit, exact diagonal cut, for frames at each end of mechanism, this package has **6 pre-cut panels**, **enough mirrors for 3 frames =** (**1 ½ sets**) (**This item is not discountable at this reduced price**)	100.00
68-030	Screws (6) and washers (6), stainless steel, hold mirror frames in place at both ends of mechanism, (screw heads were originally painted red), 12 pc. set	4.00

A-1 PART #		
67-010	Masonite boards for Mech. end mirrors, cut to fit, (**flat, not mounded**), pair	$7.00
68-080	Screws, Stainless steel, (Oval head, slotted, as original) (6) and finishing washers (6), hold mechanism end caps in place, 12 piece set	6.00
19-003	Frosted diffuser glass, 31 ¾" X 5 ¾", for behind title board, Etched glass	30.00
65-008	Foil, embossed, **gold, ¼" diamonds**, for cabinet interior, **18" X 72" roll**, cloth backed, use spray adhesive for installation, **per roll**	40.00
65-023	Foil, embossed, **gold, ¼" diamonds**, for cabinet interior, **30" X 52" roll**, (This is the exact same foil as our # 65-008 but **this is a larger roll**), cloth backed, use spray adhesive for installation, **per roll**	50.00
65-009	Foil, embossed, **gold, ¼" squares**, for cabinet interior, **18" X 72" roll**, cloth backed, use spray adhesive for installation, **per roll**	40.00
65-024	Foil, embossed, **gold, ¼" squares**, for cabinet interior, **30" X 52" roll**, (This is the exact same foil as our # 65-009 but **this is a larger roll**), cloth backed, use spray adhesive for installation, **per roll**	50.00
65-011	Foil, embossed, **silver, ¼" diamonds**, for cabinet interior, **18" X 72" roll**, cloth backed, use spray adhesive for installation, **per roll**	40.00
65-026	Foil, embossed, **silver, ¼" diamonds**, for cabinet interior, **30" X 52" roll**, (This is the exact same foil as our # 65-011 but **this is a larger roll**), cloth backed, use spray adhesive for installation, **per roll**	50.00
65-012	Foil, embossed, **silver, ¼" squares**, for cabinet interior, **18" X 72" roll**, cloth backed, use spray adhesive for installation, **per roll**	40.00
65-027	Foil, embossed, **silver, ¼" squares**, for cabinet interior, **30" X 52" roll**, (This is the exact same foil as our # 65-012 but **this is a larger roll**), cloth backed, use spray adhesive for installation, **per roll**	50.00
89-001	Interior labels, (lubrication diagram, etc., Models B, BL, C, G, W, R, J & JL)	9.00
65-002	Grill cloth, **Specify**: gold, red or silver, other colors are listed on page 86 under GRILL CLOTH, cloth size 30" X 40", each	18.00
86-002	Drop in animation assemblies, quiet synchronized motors, brilliant colors using Ken Arnold reproduction color sheets, complete units, perfect fit, (plug-in directly to 110 volts), 100% U.S.A. made, per pair **Drop in animation assemblies are not discountable**	325.00
86-001	Color sheets only, for animation, 1 left and 1 right, (brilliant colors), pair	38.00
19-007	G Pilaster plastics, **white**, (frosted crystallization, inside), replacements for original stainless steel pilasters, choose white for painted cabinets, or cabinets that are stained with a very light color stain, per pair	295.00
19-008	G Pilaster plastics, **off white**, (frosted crystallization, inside), replacements for original stainless steel pilasters, choose off-white/beige for medium to dark color stained cabinets, per pair	295.00
19-009	W Pilaster plastics, available in white only, (frosted crystallization inside & exact "patch quilt pattern" printed outside, as original), per pair	325.00
76-006	Key for cabinet sides and back door, (not cash door), F221	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-054	Lock, 1 1/8" quality lock, & 2 keys **for lower back door**, (rotates one-half turn and key is removable in locked and open positions)	12.00

A-1 PART #		
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	$4.00
81-005	I.D. plate, Model G only, (as original), no serial number, for back of cabinet	15.00
81-037	I.D. plate, Model W only, (printed HF100W), no serial #, for back of cabinet	15.00
67-015	Upper back door, Models G/W only, birch covered plywood, w/wooden strip on inside, bottom edge of door only, (Purchase this when all hardware can be transferred from original door), (+ $35.00 for shipping an oversize box)	85.00
67-016	Upper back door, Models G/W only, birch covered plywood, all hardware is attached except for interior foil & exterior handles, (Purchase this item when upper back door is missing), (+ $35.00 for shipping an oversize box)	105.00
83-025	Top trim for inside upper back door, stainless steel, original shape, 19" wide	22.50
68-003	Hook latches & 4 screws for inside of upper back door, A, B/BL, C, G/W, pr.	10.00
67-008	Lower back door U-wood frame, (this item does not include any metal parts that were included with the original frame), (add $20. for pack. & shipping)	60.00
67-009	Masonite amp & receiver cover, (fits into lower back door U-wood frame)	55.00
68-002	Safety chain for Lower back door, w/chain cover, mounting screw & key clip	10.00
68-026	Screws, hold Amp. & Receiver on lower back door, (4) 1", (4) ½", 65¢ ea. or 8 pcs.	5.00
66-002	Decals, water transfer, for lower back door, (On/Off & Vol. Control), 2 pc. set	10.00
66-005	Decals, Vinyl, peel & stick, for lower back door, (On/Off & Vol. Control), 2 pc. set	8.00
92-037	Capacitor kits for Amplifiers used in Seeburg Models: A, B, C, G & W, **Specify**: Amplifier # **MRA1-L6 through MRA4-L6**, includes: Schematics and replacement values reference sheet, each kit	70.00
92-051	Capacitor kit for **WSR5-L6**, Selection Receiver, includes: schematics and replacement values reference sheet, (does not include cap. for wallboxes)	30.00
92-052	Capacitor kit for **WSR7-L6**, Selection Receiver, includes: schematics and replacement values reference sheet, (does not include cap. for wallboxes)	30.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburg's: M100A thru LPC480	12.00
37-009	Fuse, 3 amp or 3 2/10 amp Fustat, large screw in type, for Seeburg: M100A thru VL200 Selection Receivers, (these are for the operation of wallboxes)	10.00
91-003	Volume control pot. for Models 146, 147, 148, A, B/BL, C, G, W & R	40.00
76-001	Volume control key for original pots., (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
72-003	Bulb, miniature #44 (selection indicator lamps) (2 required), each	1.00
72-004	Bulb, miniature #47 (behind credit glass) (2 required), each	1.00
72-011	Bulb, miniature #81 (behind mech. cover insert), (1), (**10 + $1.25 ea.**) or ea.	2.00
70-007	Fluorescent lamp 20 watt 24" T12, daylight, for Models with animation (2), ea.	10.00
70-006	Fluorescent lamp 20 watt 24" T12, cool-white, optional color, animation	10.00
70-011	Fluorescent lamp 25 watt 33" T12, daylight, (recommended color) (1)	18.00
70-010	Fluorescent lamp 25 watt 33" T12, cool-white, (optional color)	15.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-001	Ballast 14 to 20 watt, for 1 lamp, new square style, clamped core, white, each	15.00
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	18.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	22.50
71-028	Starter with condenser, **FS-U 4 thru 25 watts**, (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
71-040	Line cord 18/2 round, black, (Type SJOW = **Quality**), 12 foot, with molded plug	7.50
71-033	Outlet, 3-wire grounded duplex receptacle, (The WSR3, 5 or 7, TSR1–6 or TSU1–7 plugs into this and this is for a 2 or 3 wire line cord), brown	9.00
71-026	Vinyl cube, plug-in-tap, converts the single A. C. socket in all WSR3, 5 or 7, TSR1–6 or TSU1–7 in Seeburg's M100A through DS160 to 3 A. C. outlets	3.00

SEEBURG HF100G and W100 of 1953 – 1954 (**Continued**)

A-1 PART #		
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	$6.50
19-010	Stainless Steel base trim plates, mirror polished, per pair (T**his item unavailable until further notice**)	50.00
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	8.00
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)	

SEEBURG HF100R of 1954 – 1955, 100J & 100JL of 1955 – 57
50 Records (**100 Selections**)

A-1 PART #		
80-031	Service & parts manual, Seeburg R, J & JL, 177 pages, order R-267	$42.50
80-032	Installation, Operation - Troubleshooting, R, J & JL, 70 pages, order R-426	30.50
80-033	Seeburg R, J & JL, Purchase R-267 and R-426, save $11.00, order R-267A	62.00
20-001	Glass dome, with printed logo, (add $60.00 for packaging & shipping), (**This item is out of stock at this time**)	285.00
20-023	Decal for dome glass, water transfer, Blue & white, Seeburg HIGH FIDELITY	10.00
20-024	Decal for dome glass, water transfer, Red & white, Seeburg HIGH FIDELITY	10.00
20-025	Decal for dome glass, water transfer, Gold & white, Seeburg HIGH FIDELITY	10.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, **5 to choose from**, **Specify**: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
20-006	Side Glass for left or right side of dome, for Models R, J and JL, edges are rounded as original, (add $20.00 for packing & shipping one or both), each	48.00
69-003	Mechanism cover, molded plastic, with **light blue color molded in**, Model R only, medallion not included, (**This item is not discountable**)	150.00
69-010	Mechanism cover, molded plastic, with **yellow color molded in**, Models J/JL only, medallion not included, (**This item is not discountable**)	150.00
20-026	Plastic Medallion for mechanism cover, for Model R only, screen-printed and mirror-Mylar on back, flat front and back, includes attachment hardware	80.00
20-027	Plastic Medallion for mechanism cover, for Models J & JL, screen-printed and mirror-Mylar on back, flat front and back, includes attachment hardware	80.00
68-051	Shoulder screw, Stainless steel, (**Phillips head**, as original, holds left side of Mechanism cover at correct height), for Seeburg Models: R, J, JL through 222 including V200 & VL200, (original Seeburg # 246356)	8.00
68-050	Screw, Slotted head, **for Top of** Mechanism cover, **R thru 222**, Stainless steel	1.00
77-007	Program glass, for models: G, W, R, J & JL, (letters & numbers are baked on, **Exact, original, font & color**, all edges of glass are sanded), 5 piece set	45.00
77-008	Program glass, for models: G, W, R, J & JL, single pieces, (letters & #s are baked on, **original font & color**: A1/B1, C1/D1, E1/F1, G1/H1 or J1/K1), each	12.50
64-010	Sponge rubber gasket, for **Original Thickness** G, W, R, J & JL program glass, (**this gasket thickness, 3/8" W x 1/8" thick, is for factory-original-thickness program glass, only**), 42" piece	2.80
64-015	Sponge rubber gasket, for **Our Reproduction** G, W, R, J & JL program glass, (**this gasket thickness. 3/8" W x 3/16" thick, is for our reproduction program glass only**), 42" piece	3.15
77-009	Instruction glass, 3 colors, 2 pc. set, "**6** PLAYS QUARTER", Original Maroon color	16.00
77-065	Instruction glass, 3 colors, 2 pc. set, "**6** PLAYS QUARTER", Popular Red color	16.00
77-010	Instruction glass, 3 colors, 2 pc. set, "**3** PLAYS QUARTER", Original Maroon color	16.00

SEEBURG HF100R of 1954 – 1955 and 100J & 100JL of 1955 – 1957 (**Continued**)

A-1 PART #		
77-067	Instruction glass, 3 colors, 2 pc. set, "**3** PLAYS QUARTER", Popular Red color	$16.00
77-011	Instruction glass, 3 colors, 2 pc. set, "**25¢** PER SELECTN.", Original Maroon color	16.00
68-012	Speed washers, hold instruction glass in place, 10 pieces	3.50
78-006	Latch bar solenoid for Electrical Selector, all metal frame, as original, (**This item is out of stock at this time**)	60.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
78-020	Free play adapter, plugs in to existing credit unit, has switch for free play or coin operation, eliminates latch bar solenoid burn-out, for Seeburg Models: A, B, BL, C, G, W, R, J and JL, (**This item is not discountable**)	78.50

68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	8.00
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)	

SEEBURG L100 of 1957 and 101 (Sometimes referred to as the L101) of 1958 50 Records (100 Selections)

A-1 PART #		
80-038	Service manual & parts list for KS, KD & L100, 156 pages, order R-277	$42.50
80-039	Installation, Operation manual & Troubleshooting guide for Models KS, KD & L100, 60 pages, order R-225	30.50
80-040	KS, KD & L100, Purchase R-277 and R-225, Save $10.50, order R-277A	62.50
80-041	Illustrated parts catalog for Model **L100 only**, 42 pages, order R-1	26.00
80-042	KS, KD & L100, purchase R-277, R-225 and R-1, save $21.00, order R-1A	78.00
80-043	Service manual & parts list for 101, 161 & 201, 128 pages, order R-278	40.00
80-044	Installation, Operate manual & Trouble Shooting guide for Models 101, 161 & 201, 90 pages, order R-111	37.00
80-045	Seeburg 101, 161 & 201, purchase R-278 & R-111, save $10.50, order R-278A	66.50
80-046	Illustrated parts catalog for Model **101 only**, 38 pages, order R-6	27.00
80-047	101, 161 & 201, purchase R-278, R-111 and R-6, save $24.50, order R-6A	79.50
23-005	Lid glass, L100 & 101, printed, (add $40 for packaging & shipping)	75.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, **5 to choose from**, **Specify**: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
23-001	Side glass, L100 only, printed, per **pair**, (add $30 for pack. & ship.)	135.00
23-002	Side glass, L100 only, printed, **left** side, (add $30 for pack. & ship.), each	75.00
23-006	Side glass, L100 only, printed, **right** side, (add $30 for pack. & ship.), each	75.00
23-003	Side glass, L101 only, printed, per **pair**, (add $30 for packaging & shipping)	135.00
23-004	Side glass, L101 only, printed, **left** side, (add $30 for pack. & ship.), each	75.00
23-012	Side glass, L101 only, printed, **right** side, (add $30 for pack. & ship.), each	75.00
77-052	Glass logo for mech. cover, printed "SEEBURG", (gold leaf on back side), (**This item is unavailable until further notice**)	60.00
68-051	Shoulder screw, Stainless steel, (**Phillips head**, as original, holds left side of Mechanism cover at correct height), for Seeburg Models: R, J, JL through 222 including V200 & VL200, (original Seeburg # 246356)	8.00
68-050	Screw, Slotted head, **for Top of** Mechanism cover, **R thru 222**, Stainless steel	1.00
23-008	Program title glass, printed, (A1, A2, etc.), L 100 and 101 only	45.00
23-009	Instruction glass, left, (PRESS ONE LETTER KEY AND ONE NUMBER KEY)	13.50
23-010	Instruction glass, right, (3 PLAYS QUARTER – SELECT AFTER EACH COIN)	13.50
78-005	Latch bar solenoid for Electrical Selector, all metal frame, as original, (**This item is out of stock at this time**)	60.00

SEEBURG L100 of 1957 and 101
(Sometimes referred to as the L101) of 1958 (Continued)

A-1 PART #		
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	$3.00
77-050	Select glass, Seeburg G, W, R, J, JL, L100 and 101, **green**	6.50
77-051	Select glass, Seeburg G, W, R, J, JL, L100 and 101, **blue**	6.50
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
83-045	Spring, plunger return, for under coin-reject plunger-button, Seeburg part # 401223, for Models HF100G thru APFEAI only	4.00
Specify #	Title headings for Seeburg program holders, **Specify**: a color and the A-1 Part # from the list on page 18, (12 piece assortment)	12.00
83-004	Plastic Stripper plate (clear), complete with 2 stylus-cleaning brushes, brush holders, and 6 screws, (all stainless steel hardware)	60.00
83-001	Plastic Stripper plate (clear), (with 6 stainless steel screws only)	50.00
83-002	Brush holders, hold stylus-cleaning brushes, (stainless steel), per pair	12.00
83-003	Brushes, stylus-cleaning, for plastic stripper plate, per pair	12.00
83-035	Stylus brush, Seeburg #405219, used to manually clean the styli & the brushes on the stripper plate, (See page 14 of the installation manual)	3.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00
74-009	Styli for original Pickering/Seeburg **redhead** cartridge, (**.**7 mil diamond tip for all stereo & mono. records), (**Out of Stock at this time**), per pr.	65.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, made in the U.S.A., original Seeburg part # 245817, (for Models B through APFEAI)	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
78-003	Trip coil for mechanism, Models V200 with 2050 tube for trip through DS160, (**This item is out of Stock at this time**), each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
78-024	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: L100, 101, Q100 & Q160, (This item is not discountable)	98.50
23-011	100 Select-0-Matic glass, round, for mechanism ends, each	25.00
68-009	Rivets and back-up washers, chrome plated, for selection playing plastic, (for Models KS/KD through 222), 15 rivets & 15 washers	5.00
23-007	Diffuser above grill, model L100, original shape and multi-colored, printed pattern: Red, Blue, Green and Orange, (can also be used on model 101)	37.50
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
76-009	Key for cabinet sides and back door, (not cash door), F313	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00

SEEBURG L100 of 1957 and 101 (**Sometimes referred to as the L101**) **of 1958** (**Continued**)

A-1 PART #		
76-058	Lock, 1 1/8" quality lock, hardware & 2 keys for lower back door	$18.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
95-002	Graphics for rear upper cabinet, BLUE, vinyl transfer, (for Models L100, 101, 161, and 201), "SEEBURG SELECT-O-MATIC"	10.00
95-003	Graphics for rear door, BLUE, vinyl transfer, (Models L100, 101, 161, 201, 220 & 222), "MASTER VOLUME CONTROL" & "MAIN SWITCH", "RECORD REJECT"	12.00
92-041	Capacitor kit: Seeburg Models KS & KD200 and L100, Amp. #: **25PAU-1**, includes schematics & replacement values reference sheet	70.00
93-001	Printed circuit board, PAU for Amp., (For KS, KD & L 100 only), limited stock	55.00
92-057	Capacitor & Resistor kit for **TEU1**, Tormat Electronic Unit, Seeburg Models: KS KD200 and L100, includes schematic & replacement reference sheet	45.00
93-002	Printed circuit board, TEU for receiver, (For KS, KD & L 100 only), limited stock	55.00
93-003	Printed circuit board, TEU for receiver, (For Models KS, KD & L 100 only), **with all new components, tubes not included, tested**, limited quantity	225.00
92-040	Capacitor kit: Seeburg Models 101, 161 and 201 using Amplifier #: **HFMA2**, includes schematics & replacement values reference sheet	70.00
92-056	Capacitor kit: Seeburg Models 101, 161 and 201 using **TSR6**, includes: Schematics & replacement values reference sheet, (does not include the capacitor for the Stepper that operates wallboxes)	35.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburg's: M100A thru LPC480	12.00
91-004	Volume control pot. Models J/JL, V/VL, KS/KD, L100/101, Q & AY (mono.)	40.00
76-001	Volume control key for original pots., (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
90-061	Tube socket / connector socket, 7 pin ceramic pc mount for pc boards in Seeburg Models KS200, KD200 and L100, each	5.00
90-062	Tube socket, 8 pin octal ceramic pc mount for holding 5U4, 6L6 & 2050 tubes in pc boards in Seeburg Models KS200, KD200 and L100, each	5.00
90-063	Tube socket / connector socket, 9 pin ceramic pc mount for pc boards in Seeburg Models KS200, KD200 and L100, each	5.00
72-001	Bulb, miniature #12 (selection playing indicator) (1)	4.00
72-008	Bulb, miniature #55 (credit lamp) (3), each	1.00
70-008	Fluorescent lamp 25 watt 28" T12, cool-white is recommended (1)	15.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, (optional color)	18.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	18.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	22.50
71-028	Starter with condenser, **FS-U 4 thru 25 watts**, (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
71-040	Line cord 18/2 round, black, (Type SJOW = **Quality**), 12 foot, with molded plug	7.50
71-033	Outlet, 3-wire grounded duplex receptacle, (The WSR3, 5 or 7, TSR1–6 or TSU1–7 plugs into this and this is for a 2 or 3 wire line cord), brown	9.00
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	6.50
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	8.00
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)	

A-1 PART #		
80-043	Service manual & parts list for 101, 161 & 201, 128 pages, order R-278	$40.00
80-044	Installation, Operate manual & Trouble Shooting guide for Models 101, 161 & 201, 90 pages, order R-111	37.00
80-045	Seeburg 101, 161 & 201, purchase R-278 & R-111, save $10.50, order R-278A	66.50
24-001	Lid glass, printed logo, (add $50 for packaging & shipping), not discountable	75.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, **5 to choose from**, **Specify**: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
94-001	Side glass, Burnt Orange, (factory color), printed, per **pair**, (add $50 for packaging & shipping), 161/201, (**This item is not discountable**)	220.00
94-002	Side glass, Burnt Orange, printed, **left** side, (add $50 for pack. & ship.), ea.	125.00
94-007	Side glass, Burnt Orange, printed, **right** side, (add $50 for pack./ship.), ea.	125.00
94-003	Side glass, Aqua, (requested color), printed, per **pair**, (add $50 for packaging & shipping), 161/201, (**This item is not discountable**)	220.00
94-004	Side glass, Aqua, printed, **left** side, (add $50 for pack. & ship.), each	125.00
94-008	Side glass, Aqua, printed, **right** side, (add $50 for pack. & ship.), each	125.00
69-018	Mechanism cover, molded plastic, (**Red-orange color molded in**), for Models: KS/KD, 161 and 201, medallions not included, (**This item is not discountable**)	150.00
68-051	Shoulder screw, Stainless steel, (**Phillips head**, as original, holds left side of Mechanism cover at correct height), for Seeburg Models: R, J, JL through 222 including V200 & VL200, (original Seeburg # 246356)	8.00
68-050	Screw, Slotted head, **for Top of** Mechanism cover, **R thru 222**, Stainless steel	1.00
77-019	Glass for Mech. cover w/printed logo, Models 161 & 201, (frame not included)	25.00
24-007	Program title glass, upper, (**A5 thru V8 is printed on this glass**)	45.00
24-008	Program title glass, lower, (**A1 thru V4 is printed on this glass**)	45.00
24-005	MUSIC FOR EVERYONE glass, (choose M.F.E. or EPA RECORDS, not both)	40.00
24-006	EP ALBUM RECORDS glass, (choose M.F.E. or EPA RECORDS, not both)	40.00
73-016	Price inserts, (5¢ per single, Quarter 6 singles), for between title strip holders, $5.00 each or 4 pieces	15.00
73-017	Picture inserts, original pictures, (for use with 5¢ per single inserts only), for between title strip holders, $5.00 each or 4 pieces	15.00
73-024	Price inserts and Picture inserts, for between title strip holders, (5¢ per single, Quarter 6 singles), $5.00 each or complete 8 piece set	30.00
73-025	Price inserts, (10¢ per single, Quarter 3 singles, Half Dollar 7 singles), for between title strip holders, $5.00 each or 4 pieces	15.00
73-026	Picture inserts, original pictures, (for use with 10¢ per single inserts only), for between title strip holders, $5.00 each or 4 pieces	15.00
73-027	Price inserts and Picture inserts, for between title strip holders, (10¢ per single, Quarter 3 singles, Half Dollar 7 singles), complete 8 pc. set	30.00
Specify #	Title headings for Seeburg program holders, **Specify**: a color and the A-1 Part # from the list on page 18, (12 piece assortment)	12.00
83-004	Plastic Stripper plate (clear), complete with 2 stylus-cleaning brushes, brush holders, and 6 screws, (all stainless steel hardware)	60.00
83-001	Plastic Stripper plate (clear), (with 6 stainless steel screws only)	50.00
83-002	Brush holders, hold stylus-cleaning brushes, (stainless steel), per pair	12.00
83-003	Brushes, stylus-cleaning, for plastic stripper plate, per pair	12.00
83-035	Stylus brush, Seeburg #405219, used to manually clean the styli & the brushes on the stripper plate, (See page 14 of the installation manual)	3.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00

A-1 PART #		
84-002	Motor support plug, rubber, for under mechanism motor	$3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00
74-009	Styli for original Pickering/Seeburg **redhead** cartridge, (**.**7 mil diamond tip for all stereo & mono. records), (**Out of Stock at this time**), per pr.	65.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, made in the U.S.A., original Seeburg part # 245817, (for Models B through APFEAI)	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
78-003	Trip coil for mechanism, Models V200 with 2050 tube for trip through DS160, (**This item is out of Stock at this time**), each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
78-022	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: V200 with TSR3 receiver, VL200, KS & KD200, 161, 201, 220, 222, AY100, AY160, DS100 and DS160, (This item not discountable)	98.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
68-009	Rivets and back-up washers, chrome plated, for selection playing plastic, (for Models KS/KD through 222), 15 rivets & 15 washers	5.00
77-013	Credit & Instruction glass, left, (MAKE ANY SELECTION…)	18.00
77-014	Coins glass, right, (COINS NICKELS DIMES QUARTERS UP TO ONE DOLLAR TOTAL – **OR A HALF DOLLAR**), for use with **half dollar** coin accepters	10.00
77-025	Coins glass, right, (COINS NICKELS DIMES QUARTERS UP TO ONE DOLLAR TOTAL, for use with coin accepters that **do not accept** half dollars	10.00
78-005	Latch bar solenoid for Electrical Selector, all metal frame, as original, (**This item is out of stock at this time**)	60.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
83-045	Spring, plunger return, for under coin-reject plunger-button, Seeburg part # 401223, for Models HF100G thru APFEAI only	4.00
24-004	Diffuser above grill, original shape & printed blue and clear pattern	45.00
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
76-009	Key for cabinet sides and back door, (not cash door), F313	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-058	Lock, 1 1/8" quality lock, hardware & 2 keys for lower back door	18.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
76-001	Volume control key for original pots., (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
95-002	Graphics for rear upper cabinet, BLUE, vinyl transfer, (for Models L100, 101, 161, and 201), "SEEBURG SELECT-O-MATIC"	10.00

SEEBURG 161 of 1958 (**Continued**)

A-1 PART #		
95-003	Graphics for rear door, BLUE, vinyl transfer, (Models L100, 101, 161, 201, 220 & 222), "MASTER VOLUME CONTROL" & "MAIN SWITCH", "RECORD REJECT"	$12.00
92-040	Capacitor kit: Seeburg Models 101, 161 and 201, using Amplifier #: **HFMA2**, includes schematics & replacement values reference sheet	70.00
92-056	Capacitor kit: Seeburg Models 101, 161 and 201 using **TSR6**, includes: Schematics & replacement values reference sheet, (does not include the capacitor for the Stepper that operates wallboxes)	35.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburg's: M100A thru LPC480	12.00
72-001	Bulb, miniature #12 (selection playing indicator) (1)	4.00
72-008	Bulb, miniature #55 (credit lamp) (3) and (grill ornaments) (2), each	1.00
72-015	Bulb, miniature #455 (flasher for grill ornaments) (2, optional), each	2.00
70-008	Fluorescent lamp 25 watt 28" T12, cool-white is recommended, (2), each	15.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, (optional color)	18.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	18.00

72-008	Bulb, miniature #55 (credit lamps) (3), each	1.00
72-010	Bulb, miniature #63 (grill ornament lamps) (2), each	1.50
70-008	Fluorescent lamp 25 watt 28" T12, cool-white is recommended, (2), each	15.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, (optional color)	18.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	18.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	22.50
71-024	Ballast, **Double 25 watt**, (**for 2 lamps**), original style case & Black color, thermally protected, made in U.S.A., includes 2 rubber grommets for mounting	45.00
71-028	Starter with condenser, **FS-U 4 thru 25 watts**, (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
71-040	Line cord 18/2 round, black, (Type SJOW = **Quality**), 12 foot, with molded plug	7.50
71-033	Outlet, 3-wire grounded duplex receptacle, (The WSR3, 5 or 7, TSR1–6 or TSU1–7 plugs into this and this is for a 2 or 3 wire line cord), brown	9.00
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	6.50
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	8.00
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)	

SEEBURG 222 of 1958 – 1959 80 Records (160 Selections)

A-1 PART #		
80-049	Service & parts manual, Seeburg 220 & 222, 174 pages, order R-274	$44.50
80-050	Installation, Operation manual, Trouble Shooting guide & Stereo system information, Seeburg 220 & 222, 68 pages, order R-439	34.50
80-051	Seeburg 220 & 222, purchase R-274 & R-439, save $10.00, order R-274A	69.00
94-013	Lid glass, 3/16" plate, **no printing** – **as original**, (add $50 for packing & shipping), 220/222 lid glass is not discountable	60.00
66-001	Cloud-shaped pricing decals, water transfer to inside of glass, **5 to choose from**, **Specify**: 1/5¢ Special 6/25¢; 2/10¢ Special 6/25¢; 2/10¢ Special 5/25¢; 1/10¢ Special 3/25¢ or Special 1 play for 25¢, (large size: 5" x 4"), each	9.00
66-008	Decal, Stereophonic, water transfer, gold, black & red, 6 3/8" x 1 3/4"	6.00
94-005	Side glass, exact reproductions, **per pair**, (add $50 for packaging, Insurance and shipping), 220/222 side glass is not discountable	275.00
94-006	Side glass, **left** side, each, (add $50 for packaging & shipping), each	150.00
94-012	Side glass, **right** side, each, (add $50 for packaging & shipping), each	150.00

A-1 PART #		
69-009	Mechanism cover, molded plastic, **Pink color molded in**, for **220 & 222**, Logo glass & glass frame not included, (**This item is not discountable**)	$150.00
68-051	Shoulder screw, Stainless steel, (**Phillips head**, as original, holds left side of Mechanism cover at correct height), for Seeburg Models: R, J, JL through 222 including V200 & VL200, (original Seeburg # 246356)	8.00
68-050	Screw, Slotted head, **for Top of** Mechanism cover, **R thru 222**, Stainless steel	1.00
27-001	Glass for mechanism cover, with printed logo, 222 only, (frame not included)	25.00
27-004	STEREOPHONIC glass, above upper program title glass	40.00
27-005	Program title glass, upper, 222 only, (**A5 thru V8 is printed on this glass**)	45.00
27-006	Program title glass, lower, 222 only, (**A1 thru V4 is printed on this glass)**	45.00
27-007	Price inserts, (10¢ per single, Quarter 3 singles, Half Dollar 7 singles), for between title strip holders, $5.00 each or 4 pieces	15.00
27-008	Picture inserts, original pictures, between title strip holders, $5.00 ea. or 4 pcs.	15.00
27-009	Price inserts and Picture inserts, for between title strip holders, (10¢ per single, Quarter 3 singles, Half Dollar 7 singles), complete 8 pc. set	30.00
Specify #	Title headings for Seeburg program holders, **Specify**: a color and the A-1 Part # from the list on page 18, (12 piece assortment)	12.00
83-006	Brushes, stylus-cleaning, double sided	12.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00
74-010	Styli, T shaped, for original Pickering/Seeburg cartridges, (**.**7 mil diamond tip for all stereo & mono. records), (**Unavailable until further notice**), per pair	125.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, made in the U.S.A., original Seeburg part # 245817, (for Models B through APFEAI)	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
78-003	Trip coil for mechanism, Models V200 with 2050 tube for trip through DS160, (**This item is out of Stock at this time**), each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
78-022	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: V200 with TSR3 receiver, VL200, KS & KD200, 161, 201, 220, 222, AY100, AY160, DS100 and DS160, (This item not discountable)	98.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
78-005	Latch bar solenoid for Electrical Selector, all metal frame, as original, (**This item is out of stock at this time**)	60.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
95-006	Graphics for mechanism ends, vinyl transfer, (for Model 222 only), Silver "HIGH FIDELITY and SELECT-O-MATIC", (1 of each), Silver "S", (2) and Pink "S", (2), original style graphics, 6 piece set	12.00
68-009	Rivets and back-up washers, chrome plated, for selection playing plastic, (for Models KS/KD through 222), 15 rivets & 15 washers	5.00

A-1 PART #		
77-013	Credit & Instruction glass, left, (MAKE ANY SELECTION…)	$18.00
77-014	Coins glass, right, (COINS NICKELS DIMES QUARTERS UP TO ONE DOLLAR TOTAL – **OR A HALF DOLLAR**), for use with **half dollar** coin accepters	10.00
77-025	Coins glass, right, (COINS NICKELS DIMES QUARTERS UP TO ONE DOLLAR TOTAL, for use with coin accepters that **do not accept** half dollars	10.00
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
83-045	Spring, plunger return, for under coin-reject plunger-button, Seeburg part # 401223, for Models HF100G thru APFEAI only	4.00
73-031	Diffuser above grill, original shape and printed aqua and red pattern	45.00
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
76-010	Key for cabinet sides and back door, (not cash door), F264	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-058	Lock, 1 1/8" quality lock, hardware & 2 keys for lower back door	18.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
81-013	I.D. plate, Model 222, (as original), no serial number, for back of cabinet	15.00
95-005	Graphic for rear upper cabinet, BLUE, vinyl transfer, (for Models 220 & 222 only), "SEEBURG STEREOPHONIC"	10.00
95-003	Graphics for rear door, BLUE, vinyl transfer, (Models L100, 101, 161, 201, 220 & 222), "MASTER VOLUME CONTROL" & "MAIN SWITCH", "RECORD REJECT"	12.00
92-042	Capacitor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. #: **SHFA1**, includes schematics & replacement values reference sheet	85.00
92-070	Capacitor and Resistor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. # **SHFA1**, Includes schematics & replacement values reference sheet	120.00
92-045	Capacitor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. #: **SHFA2**, includes schematics & replacement values reference sheet	80.00
92-002	Transistor 2N109, PNP Germanium, Seeburg # 308950, SHFA1 = 4 on top, SHFA2 thru SHFA5 = 2 each are soldered in, on the underside, each	7.00
91-002	Volume control pot. (for stereo amplifiers): SHFA1, SHFA2 and TSA1 through TSA10, Also: Stereo Amps. in Rock-Ola Models 1460 through 437, (**This item is out of stock at this time**)	40.00
76-001	Volume control key for original pots., (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
92-053	Capacitor kit for **TSU1 thru TSU7**, Tormat Selector Units, in Seeburg Models 220 thru DS160, includes schematics & replacement values reference sheet, (does not include the capacitor for the Stepper that operates wallboxes)	37.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburg's: M100A thru LPC480	12.00
72-001	Bulb, miniature #12 (selection playing indicator) (1)	4.00
72-008	Bulb, miniature #55 (credit lamps) (3), each	1.00
72-010	Bulb, miniature #63 (grill ornament lamps) (2), each	1.50
70-008	Fluorescent lamp 25 watt 28" T12, cool-white is recommended, (2), each	15.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, (optional color)	18.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	18.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	22.50

SEEBURG 222 of 1958 – 1959 (**Continued**)

A-1 PART #		
71-024	Ballast, **Double 25 watt**, (**for 2 lamps**), original style case & Black color, thermally protected, made in U.S.A., includes 2 rubber grommets for mounting	$45.00
71-028	Starter with condenser, **FS-U 4 thru 25 watts**, (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
71-040	Line cord 18/2 round, black, (Type SJOW = **Quality**), 12 foot, with molded plug	7.50
71-033	Outlet, 3-wire grounded duplex receptacle, (The WSR3, 5 or 7, TSR1–6 or TSU1–7 plugs into this and this is for a 2 or 3 wire line cord), brown	9.00
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	6.50
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	8.00
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)

29-002	Lower lid glass, Q160, (add $50 for pack. & shipping of lower glass only)	140.00
77-020	Make Any Selection glass, left side	10.00
77-017	Coins glass, right side	10.00
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
83-045	Spring, plunger return, for under coin-reject plunger-button, Seeburg part # 401223, for Models HF100G thru APFEAI only	4.00
Specify #	Title headings for Seeburg program holders, **Specify**: a color and the A-1 Part # from the list on page 18, (12 piece assortment)	12.00
29-003	Price card insert for program title board (10¢ per, Quarter 3, half dollar 7)	8.00
83-006	Brushes, stylus-cleaning, double sided	12.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00
74-010	Styli, T shaped, for original Pickering/Seeburg cartridges, (**.**7 mil diamond tip for all stereo & mono. records), (**Unavailable until further notice**), per pair	125.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, made in the U.S.A., original Seeburg part # 245817, (for Models B through APFEAI)	7.00
83-011	Spring-for mechanism reversing switch, (Models B thru STD4), handmade	14.00

SEEBURG Q160 of 1959 – 1960 (**Continued**)

A-1 PART #		
78-003	Trip coil for mechanism, Models V200 with 2050 tube for trip through DS160, (**This item is out of Stock at this time**), each	$25.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
78-024	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: L100, 101, Q100 & Q160, (This item is not discountable)	98.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
95-009	Graphics for mechanism ends, Silver, vinyl transfer, (for Model Q160 only), "HIGH FIDELITY" and "SELECT-O-MATIC", 2 piece set	10.00
73-060	Diffuser above front grill, (silk-screened, all blue, as original)	15.00
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
76-010	Key for cabinet sides and back door, (not cash door), F264	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-058	Lock, 1 1/8" quality lock, hardware & 2 keys for lower back door	18.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
95-010	Graphic for rear upper cabinet, White, vinyl transfer, (for Models Q100 and Q160 only), "SEEBURG"	10.00
95-011	Graphics for lower rear door, White, vinyl transfer, (for Models Q100, and Q160 only), "MASTER VOLUME CONTROL" and "MAIN SWITCH", "RECORD REJECT", 2 piece set	12.00
92-042	Capacitor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. #: **SHFA1**, includes schematics & replacement values reference sheet	85.00
92-070	Capacitor and Resistor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. # **SHFA1**, Includes schematics & replacement values reference sheet	120.00
92-045	Capacitor kit: Seeburg Models 220, 222, Q100 & Q160, Amp. #: **SHFA2**, includes schematics & replacement values reference sheet	80.00
92-002	Transistor 2N109, PNP Germanium, Seeburg # 308950, SHFA1 = 4 on top, SHFA2 thru SHFA5 = 2 each are soldered in, on the underside, each	7.00
91-004	Volume control pot. Models J/JL, V/VL, KS/KD, L100/101, Q & AY (mono.)	40.00
91-002	Volume control pot. (for stereo amplifiers): SHFA1, SHFA2 and TSA1 through TSA10, Also: Stereo Amps. in Rock-Ola Models 1460 through 437, (**This item is out of stock at this time**)	40.00
76-001	Volume control key for original pots., (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
91-011	Knob, for volume control, round plastic, (amplifier must be removed to attach), has two 5/64" Allen wrench screws, Seeburg AY100 thru LS3, (**SHFA3 Thru TSA9**)	3.00
91-015	Knob, press-on, for volume control, (**for original potentiometer**), in Seeburg Models: AY100 thru SMC3, (**For amplifiers**: **SHFA3 thru SHP3**)	3.00
92-053	Capacitor kit for **TSU1 thru TSU7**, Tormat Selector Units, in Seeburg Models 220 thru DS160, includes schematics & replacement values reference sheet, (does not include the capacitor for the Stepper that operates wallboxes)	37.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburg's: M100A thru LPC480	12.00
72-001	Bulb, miniature #12, selection playing indicator (1) and under mechanism cover logo (1), each	4.00

SEEBURG Q160 of 1959 – 1960 (Continued)

A-1 PART #		
72-008	Bulb, miniature #55 (credit lamp) (1)	$1.00
70-008	Fluorescent lamp 25 watt 28" T12, cool-white is recommended, (2), each	15.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, (optional color)	18.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	18.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	22.50
71-024	Ballast, **Double 25 watt**, (**for 2 lamps**), original style case & Black color, thermally protected, made in U.S.A., includes 2 rubber grommets for mounting	45.00
71-028	Starter with condenser, **FS-U 4 thru 25 watts**, (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
71-040	Line cord 18/2 round, black, (Type SJOW = **Quality**), 12 foot, with molded plug	7.50
71-033	Outlet, 3-wire grounded duplex receptacle, (The WSR3, 5 or 7, TSR1–6 or TSU1–7 plugs into this and this is for a 2 or 3 wire line cord), brown	9.00
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	6.50
68-004	Caster sockets, use with original Seeburg metal casters or our 2 ½" hard rubber replacement casters, (made by original supplier to Seeburg), each	3.00
68-005	Casters 2 ½" hard rubber, (made by original supplier to Seeburg), each	8.00
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)	

SEEBURG AY100, Y100 & AY100U 50 Records (100 Selections) and AY160, Y160 & AY160U 80 Records (160 Selections) manufactured 1960 – 1961

A-1 PART #		
80-055	Service, Installation & Operation manual, Seeburg Models AY100 & AY160, 186 pages, order R-273	$45.00
80-056	Trouble Shooting Guide, Seeburg AY100 & AY160, 54 pages, order R-329	32.00
80-057	Seeburg AY100/AY160, purchase R-273 & R-329, save $8.00, order R-273A	69.00
30-001	Upper lid glass, AY100 &160 "**Artist of the Week**", (add $20 for pack & ship.)	120.00
73-062	Plastic Insert, "Seeburg" logo, printed red, for upper Artist of the Week lid glass	12.00
30-003	Upper lid glass, AY100 &160 "**STEREOPHONIC**", Replaces the "Artist of the Week" glass, (add $20 for packaging & shipping)	125.00
30-004	Lower lid glass AY100 (add $50 for pack. & ship. lower or both)	140.00
30-005	Lower lid glass AY160 (add $50 for pack. & ship. lower or both)	140.00
77-020	Make Any Selection glass, left side	10.00
77-022	Pricing glass, center, AY100/160 only, 10¢ per selection, Quarter 3 selections	15.00
77-023	Pricing glass, center, (for Models AY100 and AY160 only), "Quarter 3 selections, 10¢ per selection, Half Dollar 7 selections"	15.00
77-017	Coins glass, right side	10.00
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
83-045	Spring, for under coin-reject plunger-button, Seeburg Models G thru APFEAI)	4.00
83-006	Brushes, stylus-cleaning, double sided	12.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00

SEEBURG AY100, Y100 & AY100U and AY160, Y160 & AY160U manufactured 1960 – 1961 (**Continued**)

A-1 PART #		
74-010	Styli, T shaped, for original Pickering/Seeburg cartridges, (**.**7 mil diamond tip for all stereo & mono. records), (**Unavailable until further notice**), per pair	$125.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, made in the U.S.A., original Seeburg part # 245817, (for Models B through APFEAI)	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
83-015	Spring, for original **SP/ST – momentary slide**, part of the service switch	6.00
83-017	Switch, **SP/ST – momentary slide**, part of the service switch, (AY thru SMC3)	6.00
78-003	Trip coil for mechanism, Models V200 with 2050 tube for trip through DS160, (**This item is out of Stock at this time**), each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
78-022	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: V200 with TSR3 receiver, VL200, KS & KD200, 161, 201, 220, 222, AY100, AY160, DS100 and DS160, (This item not discountable)	98.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
30-006	Medallion, round, Aluminum, for cabinet sides, original shape, printed, (2), ea.	25.00
73-018	Crown for front grill, original shape, but one color, not chromed (3), **each**	25.00
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36” X 30”	14.00
53-001	Kick plate, front – center, Stainless steel, Models AY & DS only, with holes	60.00
76-010	Key for cabinet sides and back door, (not cash door), F264	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8” quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8” quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-058	Lock, 1 1/8” quality lock, hardware & 2 keys for lower back door	18.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
81-014	I.D. plate, Models: Q100 and Y100, (as original, Q or Y is not printed on this I.D. plate), no serial number, for back of cabinet	15.00
81-016	I.D. plate, Model AY160U, (as original), no serial number, for back of cabinet	15.00
95-007	Graphic for rear upper cabinet, Silver, vinyl transfer, (for Models AY100, AY160, DS100 and DS160 only), “SEEBURG”	10.00
95-008	Graphics for lower rear door, Silver, vinyl transfer, (AY & DS), “MASTER VOL.“ and “MAIN SWITCH”, “RECORD REJECT”, 2 piece set	12.00
91-004	Volume control pot. Models J/JL, V/VL, KS/KD, L100/101, Q & AY (mono.)	40.00
76-001	Volume control key for original pots., (Seeburg amps. thru SHFA2 & all Wurlitzer’s)	3.00
91-011	Knob, for volume control, round plastic, (amplifier must be removed to attach), has two 5/64” Allen wrench screws, Seeburg AY100 thru LS3, (**SHFA3 Thru TSA9**)	3.00
91-015	Knob, press-on, for volume control, (**for original potentiometer**), in Seeburg Models: AY100 thru SMC3, (**For amplifiers**: **SHFA3 thru SHP3**)	3.00
92-046	Capacitor kit: Seeburg’s, Any: AY, Y or AY-U Models using Amplifier #: **SHFA3**, includes schematics & replacement values reference sheet	80.00
92-047	Capacitor kit: Seeburg’s, Any: AY, Y or AY-U Models using Amplifier #: **SHFA4**, includes schematics & replacement values reference sheet	80.00
92-048	Capacitor kit: Seeburg Models DS100 and DS160, using Amplifier #: **SHFA5**, includes schematics & replacement values reference sheet	80.00

SEEBURG AY100, Y100 & AY100U and AY160, Y160 & AY160U manufactured 1960 – 1961 (Continued)

83-015	Spring, for original **SP/ST – momentary slide**, part of the service switch, can be replaced without removing switch or re-soldering wires, (AY thru LS2)	6.00
83-017	Switch, **SP/ST – momentary slide**, part of the service switch, (AY thru SMC3)	6.00
78-003	Trip coil for mechanism, Models V200 with 2050 tube for trip through DS160, (**This item is out of Stock at this time**), each	25.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
78-022	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: V200 with TSR3 receiver, VL200, KS & KD200, 161, 201, 220, 222, AY100, AY160, DS100 and DS160, (This item not discountable)	98.50
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
73-018	Crown for front grill, original shape, but one color, not chromed (1)	25.00
65-015	Speaker-board screen, (used in back of front metal grill screen), plastic fiber, charcoal-black, for Seeburg Models 100J thru DS160, 36" X 30"	14.00
53-001	Kick plate, front – center, Stainless steel, Models AY and DS only	60.00
76-010	Key for cabinet sides and back door, (not cash door), F264	7.00
67-004	Cash bag, (duck cloth, as original, hand made in the U.S.A.)	12.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-058	Lock, 1 1/8" quality lock, hardware & 2 keys for lower back door	18.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
91-011	Knob, for volume control, round plastic, (amplifier must be removed to attach), has two 5/64" Allen wrench screws, Seeburg AY100 thru LS3, (**SHFA3 Thru TSA9**)	3.00
91-015	Knob, press-on, for volume control, (**for original potentiometer**), in Seeburg Models: AY100 thru SMC3, (**For amplifiers**: **SHFA3 thru SHP3**)	3.00
95-007	Graphic for rear upper cabinet, Silver, vinyl transfer, (for Models AY100, AY160, DS100 and DS160 only), "SEEBURG"	10.00
95-008	Graphics for lower rear door, Silver, vinyl transfer, (for Models AY100, AY160, DS100 and DS160), "MASTER VOLUME CONTROL" and "MAIN SWITCH", "RECORD REJECT", 2 piece set	12.00
92-048	Capacitor kit: Seeburg Models DS100 and DS160, using Amplifier #: **SHFA5**, includes schematics & replacement values reference sheet	80.00
92-002	Transistor 2N109, PNP Germanium, Seeburg # 308950, SHFA1 = 4 on top, SHFA2 thru SHFA5 = 2 each are soldered in, on the underside, each	7.00
92-053	Capacitor kit for **TSU1 thru TSU7**, Tormat Selector Units, in Seeburg Models 220 thru DS160, includes schematics & replacement values reference sheet, (does not include the capacitor for the Stepper that operates wallboxes)	37.00

SEEBURG DS100 and DS160 of 1961 – 1962 (**Continued**)

A-1 PART #		
92-025	Capacitor for Stepper, operates wallboxes in Seeburg's: M100A thru LPC480	$12.00
72-001	Bulb, miniature #12, selection playing indicator (1), and under mechanism cover logo (2), each	4.00
72-008	Bulb, miniature #55 (credit lamp) (1)	1.00
70-008	Fluorescent lamp 25 watt 28" T12, cool-white is recommended, (2), each	15.00
70-009	Fluorescent lamp 25 watt 28" T12, daylight, (optional color)	18.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-006	Ballast, 25 watt, for 1 lamp, new style, (clamped core), made in the U.S.A.	18.00
71-035	Ballast, 25 watt, for 1 lamp, original style case & Black color, (Now thermally protected), made in the U.S.A., includes 2 rubber grommets for mounting	22.50
71-024	Ballast, **Double 25 watt**, (**for 2 lamps**), original style case & Black color, thermally protected, made in U.S.A., includes 2 rubber grommets for mounting	45.00
71-028	Starter with condenser, **FS-U 4 thru 25 watts**, (Replaces: FS-5, 4 to 8 watts, FS-2, 15 to 20 watts and FS-25, 25 watts), each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
71-040	Line cord 18/2 round, black, (Type SJOW = **Quality**), 12 foot, with molded plug	7.50
71-033	Outlet, 3-wire grounded duplex receptacle, (The WSR3, 5 or 7, TSR1–6 or TSU1–7 plugs into this and this is for a 2 or 3 wire line cord), brown	9.00
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	6.50
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)	

SEEBURG LPC1 of 1962 – 1964 and LPC480 of 1964 – 1965
80 Records (**160 Selections**)

A-1 PART #		
80-125	Service manual, Seeburg Model LPC1, 108 pages, order R-249	$39.50
80-126	Installation, Operation & Trouble Shooting charts, Seeburg Model LPC1, 76 pages, order R-255	33.00
80-127	Seeburg LPC1, purchase R-249 and R-255, save $9.00, order R-249A	63.50
80-130	Complete, all in one manual, Seeburg LPC480, 236 pages, order R-298	52.50
73-045	Left keyboard Pricing, (albums: 1/2 Dollar or 2 Quarters per album / 10¢ per, Quarter 3, 1/2 Dollar 6 selections), plastic insert & clear glass, original colors for LPC1, (blue, red & blk.)	15.00
	Other denominations of Left keyboard pricing inserts are available, please call	
73-046	Right keyboard plastic, Select Any Single or Select any LP Album and COINS, (NICKELS, DIMES, QUARTERS, HALF DOLLARS UP TO ONE DOLLAR TOTAL plastic insert & clear glass, original colors for LPC1, (white, blue, red & black)	15.00
73-055	Seeburg models: LPC1 through LS2, labels for program title-holders, (Letters and numbers, A1 thru V8), original font, peal and stick, 10 piece set	8.00
68-015	Coin reject plunger, plated, with scavenger wire, (Models G thru APFEAI)	25.00
83-045	Spring, plunger return, for under coin-reject plunger-button, Seeburg part # 401223, for Models HF100G thru APFEAI only	4.00
83-006	Brushes, stylus-cleaning, double sided	12.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00

A-1 PART #		
84-038	Grommet, supports metal mechanism cover, on Side of LPC1 & LPC480 and on Front of covers for models PFEAIU and newer, (eliminates shorting)	$1.00
74-010	Styli, T shaped, for original Pickering/Seeburg cartridges, (**.**7 mil diamond tip for all stereo & mono. records), (**Unavailable until further notice**), per pair	125.00
83-007	Springs for tone arm, hand made in the U.S.A., exact replacements, pair	7.00
78-010	Trip switch, Micro, for tone arm, (for Models B through APFEAI)	20.00
83-010	Balance spring for Micro trip switch, for tone arm, made in the U.S.A., original Seeburg part # 245817, (for Models B through APFEAI)	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
83-015	Spring, for original **SP/ST – momentary slide**, part of the service switch, can be replaced without removing switch or re-soldering wires, (AY thru LS2)	6.00
83-017	Switch, **SP/ST – momentary slide**, part of the service switch, (AY thru SMC3)	6.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
78-026	Free Play Credit Unit, completely bypasses the original credit unit, for Seeburg Models: LPC1, LPC1R & LPC480, (This item is not discountable)	124.50
78-030	Bakelite & metal latch lever for mechanism reversing relay, pictured on pgs. 2505 & 2506 in service manual, (new original stock), limited quantity	10.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
65-002	Grill cloth, **Specify**: black or other color listed on page 86 under GRILL CLOTH, cloth size 30" X 40", each	18.00
76-011	Key for cabinet sides, (not cash door), F278	7.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
92-058	Capacitor kits for Amplifiers used in Seeburg Models: LPC1 through USC2, **Specify**: Amplifier # **TSA1 through TSA10**, each kit includes: Schematics and replacement values reference sheet, each kit	75.00
92-019	Transistor, PNP germanium, for Seeburg TSA1 thru TSA10 Amplifiers, Seeburg Auto Speed Units and Wurlitzer Amplifiers: 546 thru 553, each	20.00
91-002	Volume control pot. (for stereo amplifiers): SHFA1, SHFA2 and TSA1 through TSA10, Also: Stereo Amps. in Rock-Ola Models 1460 through 437, (**This item is out of stock at this time**)	40.00
76-001	Volume control key for original pots., (Seeburg amps. thru SHFA2 & all Wurlitzer's)	3.00
91-011	Knob, for volume control, round plastic, (amplifier must be removed to attach), has two 5/64" Allen wrench screws, Seeburg AY100 thru LS3, (**SHFA3 Thru TSA9**)	3.00
91-015	Knob, press-on, for volume control, (**for original potentiometer**), in Seeburg Models: AY100 thru SMC3, (**For amplifiers**: **SHFA3 thru SHP3**)	3.00
92-059	Capacitor kit for **TCC1**, used in Seeburg Models: LPC1 and LPC480, includes Schematics and replacement values reference sheet	35.00
92-060	Capacitor kit for **45TASU1**, used in Seeburg Models: LPC1 and LPC480, includes Oil Filled cap, Schematics & replacement values reference sheet	37.00
92-025	Capacitor for Stepper, operates wallboxes in Seeburg's: M100A thru LPC480	12.00
92-105	Capacitor for Auto-Speed units: Seeburg's: LPC1/480, PFEAIU, APFEAI & SS160	12.00
91-009	Potentiometer for Solid State Auto-Speed Unit 45TASU1 and 45TASU2, Seeburg # 307625, has a convenient shaft for adjusting the speed	12.00
72-002	Bulb, for LPC1, miniature #19, (selection playing indicator), replaces Seeburg original #15 bulb (1)	4.00

SEEBURG LPC1 of 1962 – 1964 & LPC480 of 1964 – 1965 (**Continued**)

A-1 PART #		
72-002	Bulb, for LPC480, miniature #19, (selection playing indicator), (2), each	$4.00
72-008	Bulb, miniature #55 (credit lamps) (2), each	1.00
72-020	Bulb, some LPC480 models only, #93 (album facsimile pictures), (16), each	2.50
70-012	Fluorescent lamp 30 watt 36" T8, cool-white, (recommended color) (2), each	15.00
70-050	Colored sleeve for **T12** fluorescent lamp, (cut to your specified length), **Specify**: sleeve color: **red**, **blue**, **green**, **yellow** or **pink**, per foot	1.85
71-008	Ballast 30 to 40 watt, for 1 lamp, (Thermally protected), made in the U.S.A., **this item is not discountable at this price**	30.00
71-010	Starter with condenser, FS-4, 30 to 40 watt, made in the U.S.A., each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
71-040	Line cord 18/2 round, black, (Type SJOW = **Quality**), 12 foot, with molded plug	7.50
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	6.50
90-	**Tubes**, Electron tubes: (See pages 94, 95 and 96 for a complete list)	

SEEBURG PFEAIU "Electra" & APFEAI "Fleetwood" of 1965 – 1966
80 Records (160 Selections)

A-1 PART #		
80-059	Service manual & parts list, PFEAIU & APFEAI, 108 pages, order R-268	$39.00
80-060	Install., Operate. & Trouble guide, PFEAIU & APFEAI, 70 pages, order R-330	33.00

84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00
84-038	Grommet, supports metal mechanism cover, on Side of LPC1 & LPC480 and on Front of covers for models PFEAIU and newer, (eliminates shorting)	1.00
74-008	Styli, wedge shaped, for all original Pickering/Seeburg cartridges including #345-03D, (.7 mil diamond tip for all stereo and mono. records), (**This item is not discountable, at this price**), per pair	30.00
83-008	Springs for tone arm, long "U" on one end, hand made in the U.S.A., pair	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
83-015	Spring, for original **SP/ST – momentary slide**, part of the service switch, can be replaced without removing switch or re-soldering wires, (AY thru LS2)	6.00
83-017	Switch, **SP/ST – momentary slide**, part of the service switch, (AY thru SMC3)	6.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
76-013	Key for cabinet sides, (not cash door), F336	7.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00

SEEBURG SS160 "Stereo Showcase" of 1966 – 1967 (**Continued**)

A-1 PART #		
92-058	Capacitor kits for Amplifiers used in Seeburg Models: LPC1 through USC2, **Specify**: Amplifier # **TSA1 through TSA10**, each kit includes: Schematics and replacement values reference sheet, each kit	$75.00
92-019	Transistor, PNP germanium, for Seeburg TSA1 thru TSA10 Amplifiers, Seeburg Auto Speed Units and Wurlitzer Amplifiers: 546 thru 553, each	20.00
91-002	Volume control pot. (for stereo amplifiers): SHFA1, SHFA2 and TSA1 through TSA10, Also: Stereo Amps. in Rock-Ola Models 1460 through 437, (**This item is out of stock at this time**)	40.00
91-011	Knob, for volume control, round plastic, (amplifier must be removed to attach), has two 5/64" Allen wrench screws, Seeburg AY100 thru LS3, (**SHFA3 Thru TSA9**)	3.00
91-015	Knob, press-on, for volume control, (**for original potentiometer**), in Seeburg Models: AY100 thru SMC3, (**For amplifiers**: **SHFA3 thru SHP3**)	3.00
92-061	Capacitor kit for **SCC3** used in Seeburg's: PFEAIU and SS160, includes: Schematics and replacement values reference sheet	32.50
92-022	Silicon control switch, replaces Seeburg part #s: 309377 & 309472, found in SCC1 thru SCC9, (Models U-100 thru SB100), not digital models, each	12.00
92-063	Capacitor kit for **45TASU2** used in Models: PFEAIU, APFEAI and SS160, includes: Oil Filled cap, Schematics & replacement values reference sheet	37.00
92-105	Capacitor for Auto-Speed units: Seeburg's: LPC1/480, PFEAIU, APFEAI & SS160	12.00
91-009	Potentiometer for Solid State Auto-Speed Unit 45TASU1 and 45TASU2, Seeburg # 307625, has a convenient shaft for adjusting the speed	12.00
72-002	Bulb, miniature #19 (selection playing) (2) & (credit lamps, use 1 or both), each	4.00
72-007	Bulb, miniature #53 (illuminates the popularity meter area) (2), each	1.00
70-012	Fluorescent lamp 30 watt 36" T8, cool-white, recommended color) (2), each	15.00
71-008	Ballast 30 to 40 watt, for 1 lamp, (Thermally protected), made in the U.S.A., **this item is not discountable at this price**	30.00
71-010	Starter with condenser, FS-4, 30 to 40 watt, made in the U.S.A., each	1.75
71-016	Line cord 16/3 round, black, 10 foot length, with 90° flat, molded plug	12.00
78-015	Toggle switch, (Main on-off switch), excellent replacement, for all models	6.50

SEEBURG LS1 "Spectra" of 1967 – 1968 & LS2 "Gem" of 1968 – 1969
80 records (**160 Selections**)

A-1 PART #		
80-065	Service, Installation & Operation manual, LS1, 154 pages, order R-320	$40.00
80-066	Parts manual, Seeburg LS1, 42 pages, order R-331	29.00
80-067	Seeburg LS1, purchase R-320 and R-331, save $9.00, order R-320A	60.00
80-068	Service manual, Seeburg LS2, (Supplements the LS1 Service manual and both are required for complete service to the LS2), 40 pages, order R-334	27.00
80-069	Installation, Operation & Parts catalog, Seeburg LS2, 102 pages, order R-332	35.00
80-070	Seeburg LS2, purchase R-320, R-334 & R-332, save $22.00, order R-334A	80.00
34-001	Front door glass, original pattern, includes white translucent plastic panels, for LS1 only, **pair**, (add $25.00 for packing & shipping an oversize box)	130.00
34-002	Front door glass, original pattern, includes white translucent plastic panel, for LS1 only, (add $25.00 for packing & shipping an oversize box), **each**	75.00
73-055	Seeburg models: LPC1 through LS2, labels for program title-holders, (Letters and numbers, A1 thru V8), original font, peal and stick, 10 piece set	8.00
83-006	Brushes, stylus-cleaning, double sided	12.00
84-001	Motor coupler, connects mech. motor to gear, (replace if rubber is hard)	25.00
84-002	Motor support plug, rubber, for under mechanism motor	3.00
84-003	Mechanism turntable drive bushings, Seeburg part # 245464, pair	10.00
84-004	Mechanism frame rubber bumper, Seeburg part # 245291, pair	5.00

SEEBURG LS1 "Spectra" of 1967 – 1968 and LS2 "Gem" of 1968 – 1969 (**Continued**)

A-1 PART #		
84-015	Motor mounts, (round, metal & rubber rings); hold mechanism motor in place, for all models using mechanism motors made in the U.S.A., 2 required, each	$25.00
84-025	Seeburg B & up, Rubber parts for Mechanism: 84-001, 84-002, 84-003, 84-004, & (2) 84-015, (replace if rubber is hard, eliminates "**Howl**" in the audio), 8 pc. set	75.00
84-038	Grommet, supports metal mechanism cover, on Side of LPC1 & LPC480 and on Front of covers for models PFEAIU and newer, (eliminates shorting)	1.00
74-008	Styli, wedge shaped, for all original Pickering/Seeburg cartridges including #345-03D, (**.**7 mil diamond tip for all stereo and mono. records), (**This item is not discountable, at this price**), per pair	30.00
83-008	Springs for tone arm, long "U" on one end, hand made in the U.S.A., pair	7.00
83-011	Spring for mechanism reversing switch, (Models B thru STD4), handmade	14.00
83-015	Spring, for original **SP/ST – momentary slide**, part of the service switch, can be replaced without removing switch or re-soldering wires, (AY thru LS2)	6.00
83-017	Switch, **SP/ST – momentary slide**, part of the service switch, (AY thru SMC3)	6.00
92-015	Capacitor, (run condenser), for mechanism motor, **original style/metal can**, for M100A through STD4, not SX100, for all motors that were manufactured in the USA, not for Nidec motors, (**This item out of stock at this time**)	35.00
83-009	Carriage roller for mechanism, Seeburg part # 245082, each	8.00
84-035	Grommets, support the latch bar solenoid, (replace if rubber is hard), 4 pc. set	3.00
34-003	Letter and number strips, indicate location of 45s in the record magazine, peal & stick, 2 piece set	5.00
76-014	Key for cabinet sides, (not cash door), F205	7.00
67-012	Cash door, superior grade birch covered plywood, with backup plates, (for use **with** metal frame around opening, Models C through LS3)	18.00
76-050	Lock, 1 1/8" quality lock, & 2 keys for Reproduction - wooden cash door	12.00
76-051	Lock, 1 1/8" quality lock, hardware, & 2 keys for Original metal cash door	12.00
76-085	Key, for all of our reproduction locks that are keyed alike, key # LS301, ea.	4.00
92-058	Capacitor kits for Amplifiers used in Seeburg Models: LPC1 through USC2, **Specify**: Amplifier # **TSA1 through TSA10**, each kit includes: Schematics and replacement values reference sheet, each kit	75.00
92-019	Transistor, PNP germanium, for Seeburg TSA1 thru TSA10 Amplifiers, Seeburg Auto Speed Units and Wurlitzer Amplifiers: 546 thru 553, each	20.00
91-002	Volume control pot. (for stereo amplifiers): SHFA1, SHFA2 and TSA1 through TSA10, Also: Stereo Amps. in Rock-Ola Models 1460 through 437, (**This item is out of stock at this time**)	40.00
91-011	Knob, for volume control, round plastic, (amplifier must be removed to attach), has two 5/64" Allen wrench screws, Seeburg AY100 thru LS3, (**SHFA3 Thru TSA9**)	3.00
91-015	Knob, press-on, for volume control, (**for original potentiometer**), in Seeburg Models: AY100 thru SMC3, (**For amplifiers**: **SHFA3 thru SHP3**)	3.00
92-064	Capacitor kit for **SCC7** used in Seeburg LS1, includes: schematics & replacement values reference sheet	25.00
92-065	Capacitor kit for **SCC8** used in Seeburg LS2, includes: schematics & replacement values reference sheet	25.00
92-022	Silicon control switch, replaces Seeburg part #s: 309377 & 309472, found in SCC1 thru SCC9, (Models U-100 thru SB100), not digital models, each	12.00
72-002	Bulb, miniature #19 (digital selection display, 28 required), and (credit window lamps) (1, 2 or all 3 can be used), each	4.00
70-020	Fluorescent lamp, **UPPER**, for Model **LS1**, (not for LS2) 18 watt 30" T8, Note: Use FS-U Starter for this lamp, cool-white, (1)	15.00
70-022	Fluorescent lamp, **UPPER**, for Model **LS2**, (not for LS1) 18 Watt 24" T8, Note: Use FS-U Starter for this lamp, cool-white, (1)	9.00

SEEBURG LS1 "Spectra" of 1967 – 1968 and LS2 "Gem" of 1968 – 1969 (Continued)

Information about 45 R.P.M. Records is listed on the next page

RECORDS, (7" 45 R.P.M. RECORDS)

As of April 6, 2015 our inventory of 45 R.P.M. records consists of approximately 12,000 pieces. All of the 45s on our Regular Price list are "new". **New to us means: "Never played and in Mint condition"**.

Our Newest Category of 45s is "Bargain Priced" 45s. **Some** of these 45s are used, however, all are guaranteed against defects. All Bargain Priced 45s are currently $2.25 each. A Blank Title Strip is included with every 45 R.P.M. record that we sell and Laser Printed Title Strips are $.25 each.

All of our 45s are guaranteed against defects. Because our stock of 45 R.P.M. records changes often, we do not offer a printed list of 45s. For a complete list of 45s please visit our website:

www.jukeboxusa.com

TITLE STRIPS & RECORD ACCESSORIES

Blank Program Title Strips for all 78 R.P.M. program title boards, (These strips are not recommended for use with 45 R.P.M. program holders). **Please note that every other strip is "perforated" so a scissors must be used to cut every other strip, horizontally**.
